

Velux Polska Sp. z o. o.

Course towards the future (Kurs ku przyszłości)

Just imagine a team so much enthusiastic about their solutions and deeply believing in the value delivered. A team that crosses the borders of their own organization to educate the next generations!

The Automation Services team had the pleasure and a privilege to promote RPA at the leading business school in Poland and we have done it, because of our values and what we believe in.

Velux Polska Sp. z o. o.

PEOPLE
HANDS-ON TRAINING

20 participants

That many highly motivated students took part in the training

COMPANY IMAGE
PRO BONO PUBLICO

Nearly 100 hours

The time effort to make it happen. For a good cause!

OTHER
POTENTIAL UNLOCKED

Over 180 applicants

That proves the young and tech-oriented will lead the change

Students had a chance to learn hands-on aspects of RPA implementation from professionals and see what a work environment supported by modern technologies may look like in practice.
