

Amway Business Services Centre Charity Day

We asked – can we encourage donations to charity, without simply asking for money? Can we find a way of collecting money for a Krakow children’s home that is fun, entertaining and inspirational?

The answer – yes, we can! We organised a charity auction and a bake-off sale, organised and run entirely by volunteers from our office. This way, every penny collected could be donated to charity.

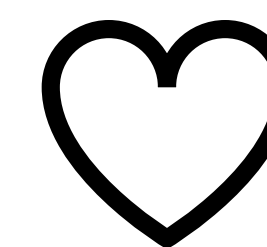

In total, our initiatives raised more than 9,000 PLN – all of which was used to buy much-needed stationary, sports equipment, board games, musical equipment and other essential supplies for the home.
