

# “We invest in good ideas” Granting Program for Employees

We live and work in diverse communities. We are touched by and engage in social causes. We have networks, competencies and the support of Capgemini – we can use it to make the world a better place.

Talk to your team, figure out a plan. Consult with local organizations and apply for a Grant. Go for it. You are the changemaker! It's not about single actions – it's about long-term engagement.

*21 projects engaging 181 volunteers from Capgemini, and 258 volunteers from outside the company. 20 external community partners and 1600 direct beneficiaries. Capgemini – people matter, results count!*
