

Trash Heroes

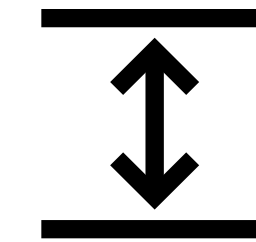

Our mission is to create sustainable, community-based projects aimed at removing waste and reducing their production by inspiring long-term behavior change.

Our solutions include Trash Hero clean up events, education about the impact that trash has on the global environment and replacing plastics with ceramics in our offices' kitchens.

CREDIT SUISSE 

In just a few months our program attracted 700 Credit Suisse employees, and the number is growing every year. Together we make our environment cleaner for all of us.

TRASH HEROES RESULTS

Employee engagement

157 in 2015, +700 in 2016. Result: 10,5 tons of collected trash

The Team
