

The Lottery where Everyone is a Winner

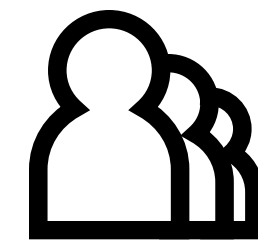

Alma Spei is a hospice for terminally ill children, taking care of around 40 patients from Malopolska district. They don't benefit from any main sponsor. We have decided to actively support them.

We started with birthday parties & gifts for the children before deciding to go for a lottery ... a special lottery where our colleagues would be on both sides: buying tickets but also offering prizes

Post-trade made easy

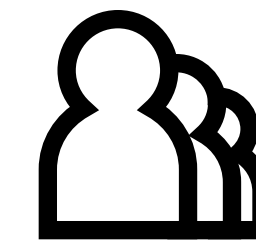

We gathered 10,000 PLN in 2016. The money will be donated to buy a mechanical insufflator for one of the most recent patients of the Alma Spei hospice, like we did in 2015.
