

FILTTR – Simply hire the best tech experts

Companies are not only witnessing a shortage of qualified IT experts not only in Poland and worldwide, while the IT professionals are spammed by a ton of inadequate offers.

FILTTR is a game changer. It is simple, fast, cost-efficient and more effective than traditional recruitment agencies. We change the way of recruiting in mobile channel between employer and employee.

- *More than 42k active users in our IT community*
- *Over 100 companies using applications*
- *Beyond 60 active recruitments monthly*
- *And this is just the beginning...*
