

# Global Day of Giving 2016

Our Charity day is about giving back to the global communities where we do business and about our employees feeling part of an organisation that makes a difference locally as well as globally.

XL Catlin gave our colleagues necessary resources and freedom of choice which organisations they would like to support. We believe as one company on that one day we can make one big difference.

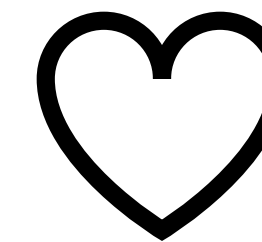

*Globally we managed to save our non-profit partners a total of 912 days of work in just a single GDoG, only in Wrocław we run 20 projects and involved nearly 90% of our workforce at that time.*

HOURS DONATED IN WROCLAW

1900 hours

Globally donated 39,000 hrs service of which Wrocław donated 1900

BUSINESS SKILLS

95% satisfaction

95% felt they developed business skills as from participation
