

## **BUSINESS LEADER IN BUSINESS EXCELLENCE**

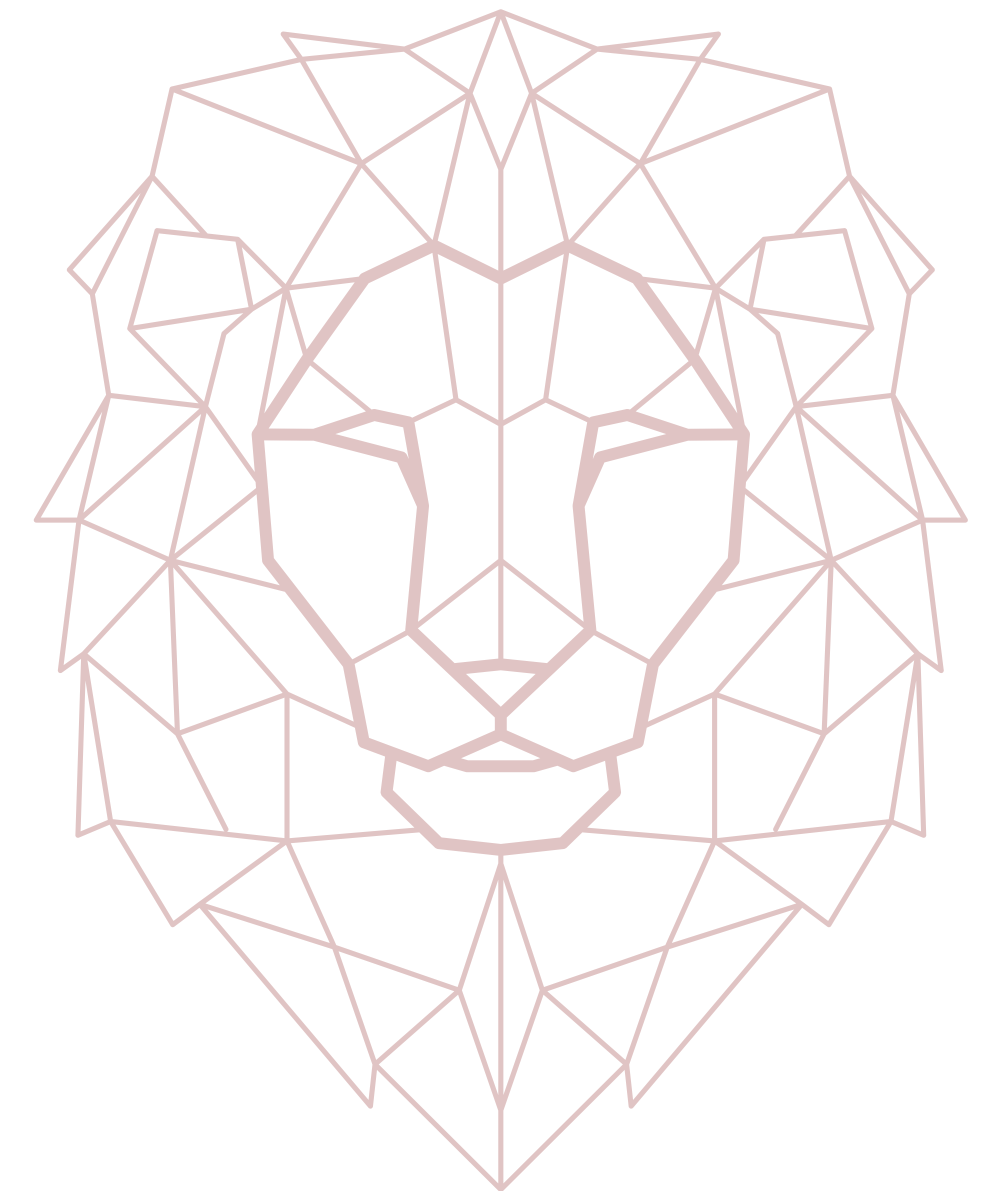

---

### **PMI SERVICE CENTER EUROPE SP. Z O.O.**

#### **CLOUD TRANSFORMATION PROGRAM (CTP)**

We are severely limited by the legacy technologies in PMI's data centres worldwide. It results that deploying new systems is a lengthy and costly process, not addressing changing business environment

Migrate our systems to the Cloud to unlock various benefits of speed, scale, security, and efficiency for the whole company having on-demand and elastic availability of multiple technology resources

# PMI SERVICE CENTER EUROPE SP. Z O.O.

---

## SCALE

### MIGRATION

**350**

Applications migrated to the public cloud in less than 2 years

## EXPANSION

### AUTOMATION

**100%**

Automated infrastructure deployment and pipelines for recovery

## FINANCIAL

### MODERNIZATION

**48%**

Applications replatformed to benefit from cloud native components

---

Once the project is done, we will be able to close our company owned data centers, eliminate the burden to maintain legacy technologies and build a solid foundation for PMI's digital transformation

# The Team
