

BUSINESS LEADER IN VIBRANT WORKPLACE

JTI GBS POLAND SP. Z O.O.

OFFICE, THAT HUGS YOU

We needed to build a sustainable place, which would hug everyone who interacts with it. And we did it! We are happy to be the most sustainable workplace in Warsaw

When choosing the location of our new office, sustainability was paramount. That's why JTI opened the office in the Norblin Factory - project that placed great emphasis on the ecology
