

BUSINESS LEADER IN TALENT DEVELOPMENT AND EDUCATION

 Marsh McLennan

MMC GROUP SERVICES SP. Z O.O.

EBSC CAREER STARTER PROGRAM

The project was driven by great need of developing new top talents for supporting EBSC colleagues who are facing challenges related to peak season and build a pool of talents for our centre growth

We created a development-based internship program responding to the majority of needs of students who want not only to gain professional experience but also develop in a concrete area of expertise
