EY GDS VOLUNTEERING FESTIVAL – PLANTING TREES

At EY GDS Poland, we have a legacy of actions toward zero-emission, in line with EY's carbon ambition focus area: accelerating environmental sustainability

The goal involved 100 volunteers planting as many trees as possible. With over 100 employees, we paid tribute to our planet and planted almost 6000 trees in forests in Podolany and Bory Tucholskie

PEOPLE VOLUNTEERING FESTIVAL Sustainability

Accelerating
environmental sustainability

With 100 volunteers participating in the events, we had another 100 on the waiting list. We committed to EY's net zero carbon ambition. We accelerated environmental sustainability: planting 6000 trees
